

Zahra Al Safwan

IT & CYBERSECURITY AUDITOR

Riyadh, Saudi Arabia | 0566128726 | Zahra.alsafwan@gmail.com | [linkedin.com/in/zahra-al-safwan](https://www.linkedin.com/in/zahra-al-safwan)

Summary

IT & Cybersecurity Auditor with 3+ years of experience in auditing, risk assessment, and compliance across projects for governmental, semi-governmental, and highly confidential organizations in Saudi Arabia while working at RSM Saudi Arabia. Experienced in auditing against **NCA, NIST, ISO 27001, and Saudi Aramco Cybersecurity** frameworks, and developer of the **Smart Auditor Tool (Power BI project)** to automate audit data analysis and reporting.

Experience

Consultant – IT and Cybersecurity Risk Advisory

RSM Saudi Arabia – Riyadh, Saudi Arabia

IT and Cybersecurity Auditor

2023 - 2025

- Oversaw adherence to cybersecurity and compliance frameworks (NCA, SAMA, ISO 27001).
- Conducted IT internal audits across multiple departments including Finance, Operations, Payroll, HR, IT, and Cybersecurity.
- Reviewed system integrations with Oracle to ensure data accuracy and proper configurations.
- Prepared audit reports following the 5Cs framework, delivering clear, evidence-based, and actionable recommendations.

Senior Cybersecurity Analyst

2022-2023

- Conducted cybersecurity assessments and audits for Saudi Aramco vendors and private, governmental, and semi-governmental organizations.
- Ensured compliance with NCA and ISO 27001 regulations, including post-incident re-assessments.

Cybersecurity Analyst

2021-2022

- Conducted 200+ cybersecurity compliance assessments on behalf of Saudi Aramco, ensuring vendors' adherence to corporate and regulatory cybersecurity requirements.

Data Engineer – On-the-Job Training (*JobTech – Singapore | Sep 2020 – Dec 2020*)

- Improved data quality and efficiency through dataset development and Python automation.

Software Engineer – Internship (MCIT – Saudi Arabia | Jun 2020 – Dec 2020)

- Completed Future Skills program covering software development, databases, and operating systems.

Education

Saudi Electronic University, Bachelor of Science in Information Technology **2021**
Second-Class Honour

Saint John College, Canada **2012**
English as a Second Language Program

PROJECTS

- **Smart Auditor Tool (Power BI Project)**
Developed tools to process and analyze IT and cybersecurity audit data, detecting risk indicators such as unusual access, SOD conflicts, and configuration issues. Used the results to create Power BI dashboards for reporting and decision-making.
